

EMERGENCY PROCEDURES

UNC-CH EMPLOYEE EMERGENCY AND ACCIDENT REPORTING PROCEDURE

In case of an accident or injury in any Department of Chemistry building, all personnel employed by UNC must seek assistance per the ordered list below. For everyone's safety, all incidents must be reported to the Facilities Director, using the Employee's Incident Report form. Accidents requiring medical attention or subject to workman's compensation, must also be reported to Environmental Health and Safety. EHS requires the Supervisor's Accident Report and Worker's Compensation forms. All these forms are available on the chemistry department intranet website: <http://intranet.chem.unc.edu/>

IN A LIFE-THREATENING EMERGENCY CALL 911

THEN SEEK ASSISTANCE IN THIS ORDER:
